

Recommended Routes to Get You Downtown Plainwell

PLAINWELL
The Island City

MDOT expects that during the project eastbound M-89 traffic will be maintained through the stretch but westbound traffic will be detoured on a route along 8th Street, 106th Avenue and into downtown. MDOT realizes that local traffic may find more efficient routes.

- **Westbound M-89 traffic** will be detoured at 8th Street in Gun Plain Township. Detour will direct traffic north to 106th Street, West to Farmer Street, and South back to M-89.
- **Northbound traffic** from Douglas or 11th Street seeking to access downtown Plainwell will be allowed North on Main Street.

- **Northbound traffic** seeking to go west will be detoured on to Starr Road (102nd), west to South 16th Street then north to Farmer and M-89.
- **All ramps on 131 and M-89** will be open except limited closures will be in effect when reconstruction work is done in the area of the ramp connection to M-89.
- **Borgess-Pipp Hospital** patrons (only) traveling westbound on M-89 will be detoured south at Hicks Street to Hill Street, west on Hill to Brigham, north on Brigham to West Bridge, west on W. Bridge to Prince, north on Prince to Benhoy, west on Benhoy to Naomi, north on Naomi to the hospital.
